

INSPECTION D SCOPE EFI

D SCOPE EFI

End Face Inspection microscope

The new D Scope EFI for **MTP/MPO and multifibers field connectors** is a cost effective microscope for inspecting fiber optic patchcords.

Easy to use, the D Scope EFI allows the operator to **check the cleanliness of the endface or the guide holes** before any connection.

All adaptors accept both PC and APC connectors or ferrules.

KEY FEATURES :

Inspection of PC/APC MTP/MPO connectors, Field connectors and MT ferrules

Real time full connector endface view

High resolution optics

Intuitive Blink basic edition software

Compatible with desktop PC, laptop, tablet PC
