Item name	Item number
① Regulator/air gauge* [0.2MPa]	RA-2B
[0.7MPa]	RA-7B
② Filter/regulator	F/R-4

\*Items marked with asterisk\* consists of a regulator, an air gauge, and a PT conversion adapter.

### Other accessories

#### Handy switch

This switch is used to toggle dispensing on and off in your palm with wrapping its cord around the syringe.  
This switch is applicable to any size of syringes.

Item name	Item number	Cord length
Handy switch [LS-3T type16 2pin]	LT-46	1.5m
[LS-3T type16 4pin]	LT-46T	1.5m

### Other accessories

#### Dispense handgun™

Stable handy dispensing without both pneumatic source and power supply. The amount of pulling the trigger controls dispensing volume.

Item name	Item number	Remarks
Dispense handgun [5mL]	DHG-5E	1 piece of ratchet rod equipped
[10mL]	DHG-10E	
[30mL]	DHG-30E	
[50mL]	DHG-50E	

Note: This dispense handgun does not include a syringe, an MLP plunger, and a needle.

### Other accessories

#### Syringe stand

This stand is used for holding the syringe during or after operation. You can select from three sizes to match your syringe.

Item name	Item number
Syringe stand [5mL use type A]	SYS-1A
[10mL use type A]	SYS-2A
[20 - 50mL use type A]	SYS-3A

Item name	Item number
Nozzle dryness prevention cap [SYS-1/2/3A use]	SYS-CAP

Note: Nozzle dryness prevention cap is for the exclusive use of syringe standA.

### Air accessories

#### Air hose

**Air hose**  
Use to carry pressurized air from the air supply to the dispenser.

Item name	Item number	Length to specify
Air hose Black air hose [OD6mm ID4mm black]	AH-46	In meters

### Other accessories

#### Foot switch

This switch is used to trigger and stop dispensing with your foot. Since the shape of the metal bracket varies with the dispenser, select the switch design for the type of dispenser you are using.

Item name	Item number	Cord length
Foot switch [Type16 2pin]	FS/W-2-1602P	2m
[Type16 4pin]	FS/W-2-1604P	2m

### Other accessories

#### Metal socket

Used to connect a dispenser controller to an external signal.

Item name	Item number
Metal socket [Plug type16 2pin]	MC-1602P
[Plug type16 3pin]	MC-1603P
[Plug type16 4pin]	MC-1604P

### Other accessories

#### H type stand set

This stand holds the cartridge and valve at the height you want.

#### Components

Item name	Item number	(Former model type)
H type stand set	HS-1	TSS-2
Uni-clamp for the H type stand	SH-2	
Clamp holder for the H type stand	CL-1	

\* To use an assembly, please purchase the H type stand, unit clamp, and clamp holder.
